

Table 1: Shapiro-Wilks Results

| Protein | Treatment Arm | P-value   | normally distributed? ( $\alpha=0.05$ ) |
|---------|---------------|-----------|---|
| PD1     | Rucaparib     | 0.1837    | True                                    |
| PDL1    | Rucaparib     | 0.2927    | True                                    |
| CTLA4   | Rucaparib     | 4.718e-05 | False                                   |
| SIRP    | Rucaparib     | 9.605e-11 | False                                   |
| PD1     | Niraparib     | 0.07388   | True                                    |
| PDL1    | Niraparib     | 0.05118   | True                                    |
| CTLA4   | Niraparib     | 1.122e-05 | False                                   |
| SIRP    | Niraparib     | 2.881e-12 | False                                   |
